English grammar "Pre-Intermediate". Read technical documentation easily, can chat

02. Education

What i learned

Main education: is prety good, trust me

11.2016 Completed the course "Advanced HTML/CSS" in Spalah IT-school. Graduated with 5/5 score.

03. Experience
Using technlogies. Team work

- HTML/CSS Markup - 2 years.
- Team work - 3 month.
- 12+ psd layouts made during self education.
- 11 psd layouts made during studying on course " Advanced HTML/CSS"

Working in team, was using GitHub. In several projects, i was doing the different parts of the project (in one - the main components: typography, buttons, forms, in the second - the modules of the page: products grid, navigation, panels, in the third - the JavaScript things: sliders, animation, interactive elements).

04. Portfolio
Last works
